PROFILE

Cyber-security enthusiast , I spend time exploring new innovations and learning new technologies.
I enjoy taking part in hacking and pentesting competitions: CTF (Capture The Flag contests). I'm also a member of the CTF team "Fword" and "Zer0pts" ranked among top teams worldwide.

AWARDS

CSAW MENA Finals 2021
New York University
2021
Ranked 1st in CSAW MENA Finals 2021

International CTFs ⧉
2021
Won multiple international CTFs with Zer0pts Team

Ctftime
Ranked 1st in Tunisia in 2021.
Top 16 Worldwide in 2021.

CSAW MENA Finals 2020 ⧉
New York University
Ranked 2nd in CSAW MENA Finals 2020

SKILLS

Penetration Testing

Linux Administration

Web Development
Django, Symfony, PHP, Node Js, React Js

Programming
Python, C, PHP, Javascript, Java

Web Exploitation

Cloud Technologies
Docker, AWS services, Azure

INTERESTS

CTF, Networking, Programming, Football, Gaming

LANGUAGES

Language	
Arabic	●●●●●
French	●●●●○
English	●●●●○

EDUCATION

National Institue Of Applied Science And Technology
Network and Telecommunications Engineering Student
2018 – 2023

CERTIFICATES

- Cybersecurity Fundamentals From Rochester Institute Of Technolooy

PROFESSIONAL EXPERIENCE

Yogosha
CyberSecurity Specialist
07/2021 – present | Paris, France

Ernest & Young
Cybersecurity Consultant
05/2021 – 10/2021

Defensy Labs
Cybersecurity Consultant [Part Time]
11/2020 – 03/2021
- Directed several VAPT activities
- Participated in SOCaaS solution development

Ernest & Young
CyberSecurity Intern
09/2020 – 10/2020
- Participated in several penetration testing and red team activities for clients in MENA and EMEA.
- Multiple Web and mobile penetration testing activities including vulnerability assessment and risk analysis for worldwide companies.

Strangebee ⧉
Devops Intern
06/2020 – 08/2020 | Paris, France
- harmonization of docker images and docker-compose scripts for TheHive4, Cortex and other SOC oriented Projects.
- Development of a docker-compose generation platform for Security Operations Center deployment that can be customized.

PROJECTS

Personal Blog ⧉
https://ahmed-belkahla.me
- My personal blog where I'm sharing cybersecurity related articles (Web Exploitation - Binary Exploitation - Devops) and Writeups for the most interesting challenges I solve in CTFs

Organization,Infrastructure Security and Deployment Of Fword CTF ⧉
2020
- More Than 1200 participants and 900 teams
- Managing the Infrastructure of the CTF competition and deploying properly different Security related challenges using different Devops technologies.
- Deploying a solution using docker to permit each user to SSH to the challenge server in an isolated environment

ORGANISATIONS

Securinets National Association
Technical Director
2021 – present

Securinets National Association
Vice chair , technical and CTF manager
2019 – 06/2021
Managing a Web Security Workshop during all the semester .
Organizing and hosting CTF competitions (Preparing Web security challenges) .
Infrastructure management of CTF competitions.
Supervising the work of each team .

IEEE Computer Society Chapter
Media Manager
2019 – 06/2020
Managing IEEE CS social media accounts. Participating and organizing different Trainings in Web development

Securinets National Association
Media Manager
2018 – 2019
Preparing Tv and Radio Talks and managing Securinets social media accounts.
